INFORMATION SHEET ADVICE ON DISPOSAL OF BONDED ASBESTOS WASTE

The following advice is for the safe disposal of bonded asbestos waste, including corrugated sheets from garages.

Disposal by members of the public - Authorised Disposal Sites

We are aware of only one local Transfer Station, where members of the public may bring along their own asbestos waste for disposal. Details of this site are given below. You must telephone the company first to arrange how and when you will transport the waste. In order to safely transport the asbestos you also require a Special Waste Consignment Note, although the company below organise this for you.

Disposal by Contractors

A directory has been compiled by an association which represents contractors who undertake safe disposal of asbestos products - the organisation is known as ARCA

Tel: 01283 531126
or

Website: www.arca.org.uk. – click on 'Find Member' which is best done 'By Region' ie Hertfordshire.

Members of the public are advised to contact a number of nearby companies – since charges vary considerably.

Collection by Hertfordshire County Council

It is understood that under some circumstances the County Council may collect very small quantities of asbestos waste free of charge. Further details can be obtained from:-

Customer Service Centre
Tel: 08457 425000 and ask for "Herts Waste Aware"

Accredited Asbestos Testing Laboratories

Where there is doubt about the material to be disposed of Information on Accredited Asbestos Testing Laboratories is also available from ARCA. Testing may only be economically worthwhile where fairly large quantities are involved.
