1. Company Information

North Hertfordshire District Council. Registered address: Gernon Road, Letchworth, Hertfordshire, SG6 3JF

2. Reporting period

1 April 2010 to 31 March 2011

3. Change in Emissions

Our reported emissions have fallen this year due to an office accommodation review and investment programme, and premises investment by our Leisure facility service providers.

4. Approach

We have followed the Government's Guidance on how to measure and report greenhouse gas emissions.

5. Organisational boundary

We have used the financial control approach, and included premises where we gain economic benefits from the operation's assets.

6. Operational scopes

We have measured our scope 1, 2 and significant scope 3 emissions.

7. Base Year

Our base year is 2008-9.

8. Targets

Our emissions reduction target is to reduce our global GHG emissions, scopes 1, 2, and 3

9. Intensity measurement

We have chosen not to address intensity ratios at this stage.

10. Future Reports

We aim to widen the scope of our reports in the coming years.

Notes

- (i) Scope 1 emissions include both direct and indirect emissions attributable to the burning of fossil fuels. Fugitive emissions have not been included in this report. Owned transport has been included in scope 3.
- (ii) Scope 2 emissions include both direct and indirect emissions attributable to the consumption of electricity.
- (iii) Scope 3 emissions include both direct and indirect emissions attributable to the use of transport. Water consumption and disposal, waste or commuting mileage have not been included within this report.
