

Triangle Community Garden

'Grow Your Own' veg workshops

Saturday 22 May
Saturday 25 September

at the Triangle Garden allotment, 10am-1pm
meet at Ransom's Pavilion, end of Alexandra Road

**Want to grow your own food successfully
but don't feel you have enough space or experience?**

Find out how to grow fruit and veg in your own garden, however small. Grow climbing beans over fences or up trees, grow potatoes in bags for easy harvesting, grow herbs and cut-and-come-again salads in pots on the patio. Mix with companion flowers that will help deter pests and liven up salads. Encourage beneficial insects and avoid using chemicals.

Tell us what you want to grow and we'll show you how.

Book now! Cost: £20* or £25 per session

*early-bird rate if booked 28 days in advance. Places are limited. To book visit
