

Grant Warmhome says:

# “Don't get left out in the cold.”

You could be eligible for FREE or discounted energy efficiency measures through the Herts Essex Energy Partnership (HEEP)\*.

Cavity Wall & Loft Insulation for just **£99** each

- **Cavity Wall Insulation for £99\***

Insulating cavity walls reduces heat loss and can save you around £115 a year on your fuel bills. †

- **Loft Insulation for £99\***

Without proper insulation valuable heat in your home could be lost through your roof. Loft insulation can save you up to £150 per year. †

- **Assistance towards advanced insulation and renewables**

\*All offers, grants and loans are subject to technical survey, qualifying criteria and availability of funding

## FREE Replacement Boilers

If your boiler is G rated and over 20 years old, you may be eligible for a FREE\* upgrade if anyone in your household is on means tested benefits. Fitting a new condensing boiler and heating controls could reduce your fuel bills by up to £235 per year and reduce CO<sub>2</sub> emissions by around 1.3 tonnes.†

## External Solid Wall Insulation

For homes that can't benefit from cavity wall insulation, external solid wall may be a good alternative solution. Improved insulation will help stop heat being lost from your home and prevent condensation on the walls and ceilings, you will soon see the benefits to your heating bill and play your part in reducing CO<sub>2</sub> emissions.

## Grants and Loans

Grants of up to 100% are available for householders who are in receipt of qualifying means tested benefits. Interest free loans are also available for all other households. Assistance towards other renewable energy measures, such as solar water heating are also available.

\*All offers, grants and loans are subject to technical survey, qualifying criteria and availability of funding
