

Royston Town Centre Strategy Update

The draft Royston Town Centre Strategy Supplementary Planning Document (SPD) was the subject of a formal consultation from 12 January to 22 February 2008. Officers together with their consultants are presently analysing representations received and making necessary amendments to the draft strategy. As part of this work officers will be preparing an Action Plan with short, medium and long term priorities. The intention is to present the revised town centre strategy together with the action plan to Royston Committee in June for their agreement and recommendation to Cabinet and full Council for the strategy to be adopted as SPD and for the Action Plan to be agreed, which will then be taken forward as part of our annual monitoring report. The intention will be to post the adopted town centre Strategy and the Action Plan on our website in July 2008.
