Dear Mr Richardson

Thank you for your email of 7th August and for your courteous conduct of the Hearings.

I do not wish to correct or amend my statements.

I trust the Panel will come up with recommendations to the Committee that are adopted and referred to in relation to the Council's future projects ---- not simply buried.

As far as the community is concerned, the Council should note that 'volunteer' does not mean the same as 'amateur'.

As to Council Officers,perhaps more Jean Valjeans than Javerts are required?

We could all listen better.

Yours sincerely

David Morgan
