I wish to object to the proposal to build on green belt, near my home, Rylands Heath, Luton. The area is already built on to the maximum, roads crowded, threats to build on Wigmore park etc, this green space is a much needed breathing space for local people. The roads in Luton are over-crowded and we already suffer with pollution from Luton Airport. To build on this green space would severely affect the lives of Luton people and I would like this email to count as my objection.
