The hearing sessions will be held 'virtually', most likely using the Zoom application.

Every effort will be made to keep to this draft timetable, but late changes may be unavoidable. Priority will be given to starting the debate on each matter at the appointed time, and it may be necessary to extend the discussion in the afternoon session. The Programme Officer will endeavour to inform the participants of any late changes to the timetable, but it is the responsibility of the participants to keep themselves up to date with the arrangements and programme. Participants need to be ready to attend on the Reserve time indicated on the programme – this will be used if necessary to complete any unfinished sessions.
