The Inspector has asked the Council to provide their comments on the recently published Household Projections, and whether the Council consider that these have a bearing on the North Herts Local Plan.

Until the Inspector has received and reviewed the Council's comments on the Household Projections he will not be in a position to decide on the next steps in the examination.

The Council are intending to submit their comments by the end of October, and these will be posted in the examination documents in due course.

A further note from the Inspector on the next steps in the examination will follow the submission of the Council's comments, and the note will be posted in the examination documents as soon as it is available.
