

Climate Change Briefing

August 2022

For all queries relating to Climate Change action at North Herts Council, please contact the Policy Team at:
environmentpanel@north-herts.gov.uk

Hertfordshire Climate Change and Sustainability Partnership (HCCSP)

The Behaviour Change Subgroup have now produced a draft of their Strategic Action Plan, ensuring that all actions are SMART (Specific, Measurable, Achievable, Relevant, Time-bound). This has been taken to the HCCSP and approved in draft form.

The Behaviour Change Action Plan has now been taken to the stakeholder engagement phase with a behaviour change survey being sent out to relevant stakeholders, and a focus group being held. The engagement period is now finished, and the subgroup are working through the feedback to see what can be incorporated.

Solar Together

The Solar Together scheme has now been launched and will be open for expressions of interest until 27th September. We have produced a webpage with information for residents and put out communications on various channels: [Solar Together | North Herts Council](#)

Letchworth Green Festival, Saturday 10th September

Letchworth Green Festival took place on 10 September, in Letchworth. The council attended the event to engage with residents on what we have done and are doing to tackle climate change and increase sustainability, as well as encourage residents with actions they can take in reducing the district's overall emissions.

Royston Sustain-Ability Fair Sunday 2nd October

Royston Sustain-Ability Fair will be taking place on Sunday 2nd October, between Midday – 4pm at Priory Gardens in Royston. The Council will have a presence at the event to engage with residents. This stall will be manned by an officer and will have Councillor presence to engage with the public on what the council is doing regarding climate change and what action residents can take.
