

***Draft Developer Contributions Supplementary
Planning Document (SPD)***

Statement of Consultation

October 2022

1. Introduction

- 1.1. This consultation statement has been prepared in accordance with Regulation 12 of The Town and Country Planning (Local Planning) (England) Regulations 2012. The statement sets out who was consulted when preparing the Draft Developer Contributions Supplementary Planning Document (SPD), when and how they have been consulted, and summarises the representations received and how they have influenced the SPD.
- 1.2. The document consulted upon is named the Developer Contributions Supplementary Planning Document (SPD).
- 1.3. This SPD sets out detailed guidance on the type and scale of developer contributions that will be sought to support new development in our area.
- 1.4. The aim of the document is to assist Council Officers, applicants, agents and Members through the planning application process in a fair, transparent and consistent way.
- 1.5. A significant number of planning policies within the emerging Local Plan 2011-2031 are relevant to the infrastructure delivery in the sense that compensation may be required to mitigate impacts relevant to those policies. The main policy “hook” for infrastructure contributions is policy SP7: Infrastructure Requirements and Developer Contributions.

2. Preparation of the Draft Developer Contributions SPD

- 2.1. The current draft Developer Contributions SPD has been developed since 2019, with a previous consultation taking place between February and March 2020.
- 2.2. The SPD has been updated in 2022 to reflect changes in Government policy, legislation and to streamline processes. Cabinet resolved on 13 September 2022 to launch consultation on the revised SPD <https://democracy.north-herts.gov.uk/ieListDocuments.aspx?CId=133&MId=2852&Ver=4>.
- 2.3. Information on prior consultation is outlined below.

Initial draft of the Developer Contributions SPD

- 2.4. Informal consultation was initially undertaken, targeted towards those organisations with an interest in the delivery of infrastructure. This included consultation internally within NHDC with the Housing Development Team; Planning Policy; Economic Development; Legal Services; Environmental Health; Development Management; Policy and Community Engagement; Monitoring; Grounds Services; colleagues from Hertfordshire County Council in respect of Growth and Infrastructure; as well as relevant NHS ICBs, in order to make it as usable and accurate as possible in draft form. The consultations were sent by email to relevant parties in February 2019. The

comments received from the informal consultation were both procedural as well as substantive and led to amending the SPD where appropriate.

- 2.5. A member workshop was held for all locally elected members in February 2019. Feedback was provided on the day, as well as some written feedback from specific members. The issues raised included viability issues, off-site affordable housing, phasing and timing of contributions and whether smaller sites could contribute to infrastructure requirements. These points were largely resolved within the meeting, and some were integrated into the draft SPD.
- 2.6. The draft SPD was approved for consultation at Cabinet on 28 January 2020 and the consultation ran from February to March 2020. The responses to this consultation can be found at Appendix A.
- 2.7. An SEA Screening Determination was produced at this stage that identified that the draft SPD did not require an SEA to be undertaken.

Current draft of the Developer Contributions SPD

- 2.8. Earlier in 2022, work commenced on an update the Draft Developer Contributions to better reflect recent amendments to Government legislation and policy, Council priorities and to improve the general processes for securing developer contributions.
- 2.9. In March 2022, further informal consultation was undertaken by means of email to those originally contacted for informal consultation in February 2019 (see those consulted at paragraph 2.4). Focussed meetings were set up as required to determine the updates needed to improve the SPD, provide greater clarity and resolve any outstanding issues.
- 2.10. An updated SEA Screening Determination has been produced and is currently being consulted on with the required statutory consultees.

3. Consultation Methodology

- 3.1. A further public consultation will now take place on the draft Developer Contributions SPD to take account of the recent updates to the document.
- 3.2. Notifications will be sent to a wide range of statutory and non-statutory consultees, developers, parish and town councils, landowners, and those who have registered interest in relevant policies in the consultation of the emerging Local Plan 2011-2031 by letter. The consultation will also be published on the North Hertfordshire District Council website.
- 3.3. A five-week consultation period of the draft Developer Contributions SPD will take place from:

09:00 on 13 October to 17:00 on 16 November 2022

- 3.4. The draft Developer Contributions SPD will be available to view:
on our website: <https://www.north-herts.gov.uk/home/planning/planning-applications/planning-obligations/guidance-planning-obligations-supplementary>; and
at the Council Offices and libraries during normal opening hours.
- 3.5. Our preferred method for accepting representations will be through our website.
There are guidance notes to help use the software which are available on the
website. <https://north-herts.oc2.uk/>
- 3.6. Representations could also be sent by
email: local.plans@north-herts.gov.uk; or

PO Box 10613, Nottingham, NG6 6DW.

4. Issues Raised

- 4.1. After the close of consultation, the key issues raised by respondents will be
summarised in an updated version of this document, including details of how the
issue was dealt with.
- 4.2. Appendix A shows the responses received at the last round of formal consultation
between February and March 2020.

The weight applied to HCC documents will be based on their progress. No action required in SPD document itself. |

No other action required. |
| Section 4 - Transport | | | |

| 4.2 | 8472; 8466; 8459; 8452 | Requests made should be reasonable and not impact on delivery, engagement of all parties early on should be reiterated, HCC guide to developer contributions not yet final, transition period suggested, HCC should be identifying schemes, not developers, S278 can be used in combination with grampion condition as well as in conjunction with S106, Roads in Herts suggested to be re-referenced in the SPD, clarification on non-financial contributions, all obligations should meet the tests of obligations | Change in reference to Roads in Hertfordshire actioned (4.2.2). | | | housing occupation restrictions. Details of commuted sum calculation required. Why commuted sum based on 2-bedroom houses. Costs related to C2 provision higher and could impact viability. Commuted sums should be spent in area collected. All affordable housing should be social rent. LGC Housing Needs Survey should be included. Reference to existing circumstances could cause later confusion. M4 (2 & 3) accommodation should be provided across tenures. Question validity of 5.2.65. LHF request more stringent prioritising of LGC residents. There is no justification for rounding up to the nearest whole figure. No precise policy justification for higher affordable housing provision required where provided off-site. No reference in Local Plan to it being necessary to introduce rental caps below 80%. 65:35 split for affordable housing is a starting point for negotiation in the policy. | Word requires changed to expects (5.2.42) to reflect main modifications on ELP. Explanatory paragraph added (5.2.55) showing how existing circumstances may change and enforcing the point the SHMA is a starting point, not definitive. M4(2) will be distributed across all tenures. M4(3) should only be housing where DC responsible for nominating tenant for reasons set out in LP. Partial deletion of 5.2.60 for clarity. 5.2.64 – sentence added for clarity of equal distribution of AH along phases. No other changes required. |
| 5.3 | 8473; 8453 | Mechanisms should also be in place to prevent these plots to be sold for speculative development. Further mechanisms should prioritise marketing to local people. Question the need to restrict palette choice as this may restrict innovation. Flexibility in allowing all self build plots to be made available by 50% completion on-site. Protect developers against partially built self-build. | No changes required. Wording already very flexible, no reference to 50% trigger point. |
| Section 6 - Design | | | |

| 7.2 | 8447; 8467; 8475 | Suggested amendments – the provision and/or contributions towards the serviced land may also be required, to be determined on a case by case basis. “Education and early childcare facilities”. Instead this should read “Education and early childcare years facilities”. “...the demand for school and nursery places...”. This should read “...the demand for school and nursery early years places...”. | 7.2.2 partially changed in light of this request. 7.2 title changed to reflect. Amendment made to 7.2.1. Amendment made to 7.2.2. 7.2.3 already covers this point, no amendments required. |

NORTH HERTFORDSHIRE DISTRICT COUNCIL – DRAFT DEVELOPER CONTRIBUTIONS SPD

| | | | |
|-----|---------------------|---|--|
| | | <p>“...be it expansion to an existing school or a new school, then serviced land will also be required.” This should have the following added and read; “...be it expansion to an existing school or a new school, then serviced land will also be required, which will be expected to adhere to Hertfordshire County Councils land specification.”</p> <p>Developers may be liable to contribute land as well as financial contributions. This approach is unreasonable, and should be reviewed. The developer is entirely within their right to recover relevant land value for alternative purposes associated with infrastructure that is not solely required in respect of their site.</p> | |
| 7.3 | 8467 | <p>The youth section needs a paragraph referring to HCC as has been included within other sections. ‘Discussions should be undertaken at an early stage with Hertfordshire county Council to ensure that there is sufficient capacity of youth facilities to mitigate the implications of the proposed development. This includes having regard to the Hertfordshire County Council Guide to Developer Infrastructure Contributions to determine the level of contributions expected to be provided from the proposed development.’ [footnote reference URL]</p> | Added at 7.3.2 |
| 7.4 | 8475; 8462; 8455 | <p>Referring to the current edition will cause confusion at later date. Object to the use of developer contributions to fund record digitisation. Evidence of the expenditure of any health contributions should be provided to an applicant for the purposes of transparency and accountability. What is meant by 'largest developments'? Occupiers may be already be resident within the Health Authority area, so no additional burden. Emphasise the tests of obligations.</p> | <p>Definition of 'larger sites' added (7.4.1) Correct at time of writing changed to details subject to change over time (7.4.2) No other change required</p> |
| 7.5 | 8361; 8362 | <p>Section 7.5 does not provide any detailed guidance to provide clarity and transparency on the Council's approach to securing developer contributions for indoor sports facilities. It is therefore requested that the section is amended to provide more detailed advice covering the matters identified in the comments.</p> | No change implemented. |
| 7.6 | 8455; 8467 | <p>Include a reference to contributions to enhance and expand existing facilities, should this be appropriate. The reason for this is because new finds of significant archaeological material may not be sufficient on their own to warrant a new facility and may put enormous pressure on existing facilities. Request for reasonable to be added to 7.6.4.</p> | <p>To enhance and/or expand existing facilities added (7.6.3) Reasonable added to 7.6.4</p> |

NORTH HERTFORDSHIRE DISTRICT COUNCIL – DRAFT DEVELOPER CONTRIBUTIONS SPD

| | | | |
|---------------------------------|------------------|--|---|
| 7.8 | 8455; 8442 | the proposals for developer support of ongoing management arrangements, for example for community hubs is far too vague. As with the proposals in 8.2.4 the commitment to ongoing management should be for 10 years, or more. Not support the freehold transfer of community buildings on its development site. | In most instances added to secure that not transfer not a blanket requirement (7.8.4) Section added to 7.8.4 to make it incumbent on the developer to evidence management arrangements are proportionate and sustainable in the long term. |
| 7.9 | 8455; 8446 | It is not the role of the planning system to secure policing numbers. {NEW} Police services are provided through the Office of The Police and Crime Commissioner for Hertfordshire and contribute to the overall well – being of local communities. Police infrastructure comprises fixed property and technology assets; and human resources, which includes Local Community Policing, victim support, and crime reduction initiatives such as use of CCTV. These can arise either locally, or as a result of cross – boundary considerations where scale and efficiency of operation require policing facilities to be located out with the boundaries of the local authority. The Council will therefore require development, where required and appropriate, to contribute towards the delivery of policing infrastructure to serve new developments and mitigate against their impact upon existing police resources. {END} To assist with the proper design of new communities, and in addition to the wider range of policing infrastructure, HC are able to advise on design. This is in line with Local Plan Policy D1 Sustainable Design, and applicants should demonstrate that opportunities for crime and anti-social behaviour have been designed-out. Hertfordshire Constabulary will be consulted on planning applications where it is considered that there may be an impact in terms of community safety. | New paragraph added as provides clarity on reasons for contributions (7.9.7) |
| 7.10 | 8447; 8455; 8467 | This paragraph ought to go further referencing Full Fibre and Gigabit Capable coverage which would be in line with new Government targets. Should be all new major development. Contributions for boosting high-speed communication coverage is not supported by a policy and offers lack of clarity associated with what may be sought or the scale of the contribution. | 'All' added instead of 'most large' (7.10.2) |
| Generic | 8467 | HFRS should be included in SPD as capacity is affected by additional development demands. | Paragraph 7.9.6 added. |
| Section 8 – Natural Environment | | | |
| 8.2 | 8456; 8447 | Clarity should be provided as to which requirements can be dealt with by way of condition and by legal obligation. This should specifically mention the requirement for developments to achieve biodiversity net-gain, with a | Clarification added 8.2.2. Reference to net gain added to 8.2.1. |

| | | hierarchical approach, with on-site mitigation a priority, and off-site compensation/contribution a last resort. | |
| 8.3 | 8469 | The SPD document should include measures to conserve and enhance the historic as well as the natural environment of this site. Note that Therfied Heath is an archaeological site. | No change required. |
| 8.4 | 8476; 8465; 8456; 8443; 8366; 8365; 8364; 8447 | <p>Paragraphs 8.4.14-8.4.18 only provide limited guidance to provide clarity and transparency on the Council's approach to securing developer contributions for outdoor sports facilities. Objection is made to the proposal in paragraph 8.4.4 to all schemes having regard to a standard of 1.6 hectares per 1000 population for outdoor sport which would be used for quantifying provision in new development. However, the use of this standard is not consistent with the Council's Playing Pitch Strategy which also forms part of the Council's local plan evidence base, and which did not advocate the use of a generic outdoor sports standard for applying to new development. It is therefore requested that the standard is removed from the SPD and replaced with amended guidance.</p> <p>No standards are being set for the protection of green corridors which are to be considered on a case by case basis. A clearer commitment is needed with regards the standards review. The provision of strategic open space should attract contributions from projects across the area as it will be accessible to all. Examples of exemption cases should be provided. Clarification should be provided as to the role Section 106 agreements can play in securing aspirations. Table to be amended to show the units of measurement and annotate or remove the footnote. 'For larger or strategic sites, the ten-year timeframe will also apply', provides certainty by deleting may be extended.</p> <p>Suggest developers use Biodiversity Metric 2.0 to quantify biodiversity net-gain.</p> | <p>Units of measurement added in 8.4.2</p> <p>Clarity added to 8.4.18</p> <p>Clarity on S106 role added to 8.4.21 and 8.4.23</p> |
| 8.6 | 8447 | Would like a policy for large scale re-wilding schemes, chalk stream restoration, and natural flood management. | No change required, SPD not appropriate for specifying projects, case-by-case. |
| 8.8 | 8423; 8447 | <p>It is therefore proposed that para 8.8.4 is amended as follows: '8.8.4 Mechanisms for delivering any necessary new or improved water and/ or wastewater infrastructure, including foul water treatment and drainage disposal, may be required via planning conditions and/or legal agreement in accordance with Local Plan Policy NE10 Water Conservation and wastewater infrastructure.'</p> <p>Contributions could be sought for water companies to undertake habitat restoration and other measures to improve ecology.</p> | <p>8.8.4 altered to align with proposed new wording.</p> <p>Habitat restoration and ecology improvements are covered by earlier sections.</p> |

5. Recommendation

- 5.1. Following formal consultation, all recommendations have been fully considered. Some have been actioned to take account of discrepancies within the original document, others to provide clarity on the intention of a particular section. Where not pertinent to the specific aims of the SPD, or where requests for alterations were too specific for the broad nature and remit of the SPD, the proposed modifications have not been actioned.

- 5.2. Following a wide consultation and review of representations, it is recommended that the SPD, as modified under the powers of S23(1) of the Planning and Compulsory Purchase Act 2004 (as amended), is presented to Cabinet with a resolution to adopt upon adoption of the ELP, so long as the ELP is adopted within 12 months of the date of the Cabinet meeting.
