Thank you for consulting Sport England on the above Neighbourhood Plan.

Planning Policy in the National Planning Policy Framework identifies how the planning system can play an important role in facilitating social interaction and creating healthy, inclusive communities. Encouraging communities to become more physically active through walking, cycling, informal recreation and formal sport plays an important part in this process and providing enough sports facilities of the right quality and type and in the right places is vital to achieving this aim. This means positive planning for sport, protection from unnecessary loss of sports facilities and an integrated approach to providing new housing and employment land and community facilities provision is important.

It is important therefore that the Neighbourhood Plan reflects national policy for sport as set out in the above document with particular reference to Parts 73 and 74 to ensure proposals comply with National Planning Policy. It is also important to be aware of Sport England's role in protecting playing fields and the presumption against the loss of playing fields (see link below), as set out in our national guide, 'A Sporting Future for the Playing Fields of England - Planning Policy Statement'.

Sport England provides guidance on developing policy for sport and further information can be found following the link below:

<http://www.sportengland.org/facilities-planning/planning-for-sport/forward-planning/>

Sport England works with Local Authorities to ensure Local Plan policy is underpinned by robust and up to date assessments and strategies for indoor and outdoor sports delivery. If local authorities have prepared a Playing Pitch Strategy or other indoor/outdoor sports strategy it will be important that the Neighbourhood Plan reflects the recommendations set out in that document and that any local investment opportunities, such as the Community Infrastructure Levy, are utilised to support the delivery of those recommendations.

<http://www.sportengland.org/facilities-planning/planning-for-sport/planning-tools-and-guidance/>

If new sports facilities are being proposed Sport England recommend you ensure such facilities are fit for purpose and designed in accordance with our design guidance notes.

Thank you for notifying Natural England of your Neighbourhood Plan.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England is a statutory consultee in neighbourhood planning. We must be consulted on draft Neighbourhood Development Plans where the Parish Council or Neighbourhood Forum considers our interests would be affected by the proposals. We must be consulted on draft Neighbourhood Development Orders and Community Right to Build Orders where proposals are likely to affect a Site of Special Scientific Interest or 20 hectares or more of Best and Most Versatile agricultural land. We must also be consulted on Strategic Environmental Assessments, Habitats Regulations Assessment screening and Environmental Impact Assessments, where these are required. Your local planning authority will be able to advise you further on environmental requirements.

The following is offered as general advice which may be of use in the preparation of your plan.

Natural England, together with the Environment Agency, English Heritage and Forestry Commission has published joint advice on neighbourhood planning which sets out sources of environmental information and ideas on incorporating the environment into plans and development proposals. This is available at:

<http://publications.environment-agency.gov.uk/PDF/GEHO0212BWAZ-E-E.pdf>

<p>Local environmental record centres hold a range of information on the natural environment. A list of local records centre is available at: http://www.nbn-nfbr.org.uk/nfbr.php</p> <p>Protected landscapes</p> <p>If your neighbourhood planning area is within or adjacent to a National Park or Area of Outstanding Natural Beauty (AONB), we advise that you take account of the relevant National Park/AONB Management Plan for the area. For Areas of Outstanding Natural Beauty, you should seek the views of the AONB Partnership.</p> <p>Protected species</p> <p>You should consider whether your plan or proposal has any impacts on protected species. To help you do this, Natural England has produced standing advice to help understand the impact of particular developments on protected or Biodiversity Action Plan species should they be identified as an issue. The standing advice also sets out when, following receipt of survey information, you should undertake further consultation with Natural England.</p> <p>Opportunities for enhancing the natural environment</p> <p>Neighbourhood plans and proposals may provide opportunities to enhance the character and local distinctiveness of the surrounding natural and built environment, use natural resources more sustainably and bring benefits for the local community, for example through green space provision and access to and contact with nature.</p> <p>Opportunities to incorporate features into new build or retro fitted buildings which are beneficial to wildlife, such as the incorporation of roosting opportunities for bats or the installation of bird nest boxes should also be considered as part of any new development proposal.</p> <p>If, as you develop your plan or order, you consider it will affect Natural England's interests, you should consult Natural England at consultations@naturalengland.org.uk.</p> <p>For clarification of any points in this letter, please contact Jamie Melvin on 0300 060 2497.</p>

------------------------	--	----------------	--

I do not believe Kimpton falls within Anglian Water's designation of responsibility for water supply or wastewater services and therefore we have no comment to make.
