

Private Hire Operators Licensed by North Hertfordshire District Council

These are also referred to as 'mini cabs'. All journeys must be pre-booked through the private hire operator. Private hire cars are not allowed to wait on taxi ranks or to wait outside premises hoping for a booking; this is illegal and is referred to as 'plying for hire'. The local authority has no control over the amount that the mini cab driver charges, although they are obliged to advise the customer of the fare in advance of the journey.

Under the Taxi and Private Hire Licensing Policy, the licensing provisions for private hire vehicles are much the same as for hackney carriages, although operators must also be licensed in addition to the driver and the vehicle.
